Dr. Weigner and his staff have always been committed to providing the best possible care to our clients and patients so this acknowledgment is quite meaningful. His dedication began many years ago when he made the choice to undergo the long and challenging process to become board certified. He remains the only Board Certified Feline Specialist in Georgia and is one of only 77 worldwide! These specialists have proven knowledge and proficiency well above and beyond what is required to practice veterinary medicine.

Dr. Weigner and his staff are well known among veterinarians and discerning cat owners for their expertise and quality of care. Our practice continues to grow as we see many patients referred to us by both our clients and other veterinarians. While many referrals are local, we enjoy a national and international reputation and see patients from many other states and countries. One recent referral came from Cambodia! In appreciation, we send gift certificates for future services to clients who refer to us. Just let us know.

While we are honored by this recognition and the confirmation of our commitment to excellence, we also recognize that we couldn't have accomplished this without you. Thank you so very much for your dedication and patronage over our first 22 years. We look forward to continuing to care for you and your feline companions long into the future. Please call us whenever you need care and advice on keeping your cats happy and healthy. We will always be here for you!
