

Hours of operation for The Cat Doctor are 8am - 7pm, Monday - Friday and 9am - 5pm Saturday.

We take appointments from 9:30am - 1:30pm and from 4pm - 6pm, Monday - Friday, and 9am - 4:30pm, Saturday.

Appointments are made in ½-hour increments. This allows the Doctor to spend more time with each patient and client. We know your time is valuable and encourage you to be on time for your appointment. That way, the Doctor can give you full attention in a relaxed atmosphere. Those without an appointment will be seen as time permits. Aside from emergencies, scheduled appointments are our highest priority.

Take advantage of our Express Drop-off service.

If your cat is current on her vaccinations, you can drop-off your cat as early as 8am (and go home as late as 7pm). We also offer Express Check-out, which saves you time in picking up your cat. Ask our staff for details.

Payment for services is expected at the time services are received. We accept cash, checks, VISA, MasterCard, Discover, and American Express.

Emergencies

After normal business hours, our doctors are on call until 11pm every night and can be reached at our regular number: 404-257-0048. After 11pm, we recommend Georgia Veterinary Specialists at 404-459-0903, located at 445 Abernathy Road, just off Roswell Road.

If you think your cat is having an emergency during regular business hours, we'll see you right away. Please call us so we can begin to assess your cat's condition, help with directions, and attend to your concerns. Symptoms that may indicate an emergency include difficulty breathing, bleeding, trauma, and straining to urinate.
